HAMBURG
SUSTAINABILITY
CONFERENCE

# List of Selected Confirmed Participants as of May 27, 2025

HSC 2025 brings together high-level representatives from governments, international organizations, the private sector, and civil society to accelerate progress on the Sustainable Development Goals through renewed cooperation and actionable solutions. Recognizing the growing importance of cross-sector collaboration, HSC 2025 emphasizes the integration of public and private actors throughout all discussions.

As global participation in the HSC intensifies, the overview of participants is regularly updated to reflect new collaborations and ongoing developments.

**About the HSC**

The Hamburg Sustainability Conference (HSC) is an initiative of the German Federal Ministry for Economic Cooperation and Development (BMZ), the United Nations Development Program (UNDP), the Michael Otto Foundation and the Free and Hanseatic City of Hamburg. The HSC is the international sustainability platform that gathers leading minds from politics, business, science and civil society to plan the implementation of joint processes to achieve the UN Sustainable Development Goals (SDGs). In times of increasing geopolitical crises, it promotes multilateral exchange, encourages open dialog and aims to strengthen the role and responsibility of the private sector in new sustainability alliances.
